

REMOVABLE OR STATIC ANTI-RAM RAID POSTS

Product Specification Sheet

Anti-ram raid posts offer a highly visual and effective deterrent against ram raiders and are very popular in commercial and industrial environments. They protect roller shutters and industrial doors from frontal assault, saving you potentially expensive repairs and damages and are often a mandatory requirement by Insurance companies. Ram posts are also suitable for protecting car park entrances and car parking spots. They are available as static, removable and retractable, supplied black as standard or can be powder coated to a colour of your choice.

- ✓ Heavy duty 100mm square steel box section 1200mm finished height
- ✓ Choice of removable or static posts
